

BELEN GARCIA MARTINEZ

React Developer in Kansas City

belengm.dev@gmail.com | (913) 274-0955 | www.linkedin.com/in/93belen |
<https://github.com/93Belen> | [website.link](#)

Experienced React Developer, Certified AWS Cloud Practitioner, HackForLA volunteer, and founder of Hispanos y Amigos Tech-KC. Well-versed in a range of State Management libraries, including Redux and Zustand. Skilled at creating responsive designs using CSS Libraries like Tailwind CSS, Material-ui and React-Bootstrap. Proficient in TypeScript, Prisma, Next.js, MySQL Databases, Unit testing, and Git version control. Experience in a Development Environment with real clients. My philosophical background enhances my logical problem-solving skills, while bilingualism accelerates language acquisition. Developed adaptability, teamwork, and a strong work ethic through diverse global retail roles.
